1. This action is responsive to the 8/20/04 decision by the Board of Patent Appeals and Interferences. Claims 1-69 are pending.

2. The following is an examiner's statement of reasons for allowance:

The closest prior art is that to Rosen (US 5,453,601) and Masi et al. (US 6,105,001) as set forth in the Final rejection mailed 11/19/02.

The application is allowed at this time for the reasons set forth by the Board of Patent Appeals and Interferences in their decision of 8/20/04, namely that:

the "determination that Rosen's electronic money is 'equivalent to' the appellants electronic script is without merit. ... the broadest reasonable meaning of electronic script in its ordinary usage as it would be understood by one of ordinary skill in the art, taking into account the enlightenment afforded by the written description contained in the appellants' specification is that electronic script is a type of currency which has a merchant identified at the time of issuance of the cash and such that the electronic currency can only be spent with that merchant (See column 5, lines 35-38, of U.S. Patent No. 6,029,150 to Kravitz).

Using that definition of electronic script it is clear that neither Masi nor [*sic*] Rosen teach or suggest electronic script, a script distributor account, or a script clearing center as recited in the independent claims under appeal."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
